

# TACTUM SOLIS

COMMISSION & CUSTOMISATION · KLAIPĖDA, LITHUANIA

Every Tactum Solis watch is made to order. Each piece begins with a conversation — about the person who will wear it, the meaning they wish to carry, and the form that best serves both. This document outlines the available options and the process.

## 03 · DELIVERY

Each watch is made to order. Delivery time is **4 to 10 weeks** from confirmation of order, depending on the complexity of customisation selected. You will be informed of the estimated timeline before the order is confirmed.

## 04 · THE TACTUM SOLIS SYSTEM

The Tactum Solis case was designed as a platform. One frame accepts all dial modules — each model in the collection is also a standalone module, compatible with any Tactum Solis case.

Modules can be acquired separately and changed by the owner. Every purchase includes a dedicated tool for module exchange.
